

QUALITY POLICY

It is the policy of Wires International (WI) to strive for excellence in all aspects of our business.

The company constantly strives to maintain its reputation as a successful, responsive and dynamic organization committed to excellence in providing highest quality products and services.

Wires International commits itself to strive for market leadership through customer satisfaction, excellence in quality and meeting all the applicable requirements stipulated by ISO 9001-2015 standard.

Wires International aspires to provide this by evolving a program of continual improvement by providing a frame work of establishing and reviewing quality objectives.

The net effect shall be enhancement of customer satisfaction through reduction and eradication and most importantly prevention of quality deficiencies in our work processes and products.
